

# MASTER BUILDERS **GREEN LIVING** CONFERENCE

26th & 27th AUGUST 2010  
MELBOURNE CONVENTION CENTRE

# MASTER BUILDERS GREEN LIVING CONFERENCE

26th & 27th AUGUST 2010 | MELBOURNE CONVENTION CENTRE

The annual Green Living workshop has been given a boost and has become a two day Conference.

High profile speakers will inspire and challenge your thinking. They will cover key sustainability issues, including:

- The need for and drivers of change in the industry;
- Community perceptions and building and construction demand;
- Future building trends; and,
- Practical building advice and products.

## HIGH PROFILE SPEAKERS INCLUDE

### Rob Gell

Director of World Wind Pty Ltd

#### Business as Usual? Or Sustainable Business

Rob is a coastal geomorphologist by training; he taught Environmental Science and Physical Geography at tertiary level, then for thirty years has presented television weather. Rob is a Director of World Wind Pty Ltd where he works as an environmental and communications consultant.

He is National President of Greening Australia Limited, Chairman of the Mornington Peninsula and Westernport Biosphere Reserve Foundation Ltd. and a member of the Victorian Coastal Council. He is also a published author and a photographer.

### Tony Arnel

Victoria's Building and Plumbing Industry Commissioner

#### Future Building & Building Practices

Tony is Victoria's Building and Plumbing Industry Commissioner - roles in which he is responsible for regulating the state's \$25Bn building and plumbing systems and advising the Minister for Planning on all building control and plumbing industry matters. He is also Chair of the World Green Building Council and Chair of the Green Building Council of Australia (GBCA).

As a member of the Australian Building Codes Board, Tony has overseen the implementation of new energy-efficiency standards into the national building code. He continues to play a key role in the transformation of the Australian property market to sustainable practices.

## Rob Moore

Manager Urban and Park Design,  
City of Melbourne

### Transforming Australian Cities

Rob Moore is qualified as an Architect and Urban Designer. He graduated from Liverpool University, UK, with a Bachelor of Architecture degree in 1977. As Manager of the Urban and Parks Design Branch of the City of Melbourne, Rob and his team are responsible for the design and management of the city's public realm.

Melbourne's 20-year strategic program of urban design initiatives and interventions has made a significant contribution to the transformation of the central business district to a thriving, world-class mixed-use city centre. The City of Melbourne's Urban & Parks Design Branch has received numerous state, national and international awards that recognise this achievement.

## Phillip Roos

Practice Leader, Environmentally Sustainable Building Design

### BCA 2010, Changes to Section J – what it means for you

## Peter Reefman

Energised Homes

### Lessons learnt from building an 8 star home

Plus more speakers to be announced.....
