My name is Andrew Patience and I am a candidate for the Specialist Contractor Sector Group Committee. I am a Registered Commercial Builder and a Qualified Operative Stonemason. I have worked in the Heritage and Building Restoration area for over 40 years. I believe that I will bring to the Committee a wealth of experience in this highly specialised industry. I have been a member of Master Builders Victoria for over 10 years and support in principle, the guiding philosophies of collective representation of the commercial building sector. I am grateful for the privilege to stand as a candidate.
