

# Council of Management Candidate

## Daniel Bowman

### SPECIALIST CONTRACTOR NOMINEE

**Daniel Bowman**  
**Professional Plumbing Contractors**

Daniel is the Managing Director of Professional Plumbing Contractors (PPC), located in Melbourne, Australia. Responsible for implementing the strategic direction of the business and communicating the business vision, including developing procedures to achieve best practice.

Since 2007, Professional Plumbing Contractors has offered quality commercial roofing services, where Daniel and his team have built up a remarkable reputation of trust within the construction industry. PPC has shown remarkable growth since 2007 which is a testimony to the focus and discipline that Daniel brings to every project.

Also incorporating PPC Flashings, Architectural Cladding Suppliers and East-West Roof Guardrail businesses – the development and specification of new products and services has been the result of working closely with builders, architects and contractors to help overcome project challenges and realise their vision.

Best known for finding solutions, with a clear focus on safety, compliance and exceptional customer service, Daniel strives to find common ground with an understanding of the builders' views, balanced with supporting contractors in working environments.

Daniel has implemented an active apprenticeship/traineeship program, including ongoing training for qualified employees to help provide a well-defined career path and advancement opportunities for future leaders. He endeavours to support young Australians to enter the construction industry with safe work skills and pathways into further studies and career development, and this is what gives Daniel the greatest sense of accomplishment and pride.
