

Occupational Health and Safety Obligations

Course Information Sheet

About the course

This course is delivered and assessed by The Master Builders Association of Victoria also known as Master Builders Victoria (MBV) - RTO no 3935.

The risk of a serious or fatal injury is considerably higher for building and construction workplaces than in any other industry. Awareness of potentially unsafe and risky work practices and your legislative responsibilities for the workplace safety of others is imperative. The Occupational Health and Safety Obligations short course provides advice on suitable safety training and site induction procedures as well as safety training, risk management and workplace inspection techniques.

Learning outcomes

You will have gained the skills and knowledge to:

- Inspect workplaces for hazards and conduct work health and safety (WHS) risk analyses.
- Develop and implement appropriate responses to mitigate risks to meet government legislation and regulations.

Who should study this course?

This course is suitable for:

- builders, project managers, site managers, forepersons, construction managers, and;
- other building practitioners involved with the management of small- to medium-sized building businesses who wish to become the appropriately registered person with responsibility under Victorian building legislation.

Master Builders Victoria entry requirements

It is a Master Builders Victoria requirement for those wishing to undertake this course that they:

- are successful at a Language, Literacy and Numeracy (LLN) assessment & a Pre-Training Review
