JUDGING INSPECTIONS

Judging will take place between May 19th and June 20th 2025.

All projects entered in the awards program will be inspected by a judging panel. These inspections are done in person and only in special circumstances may be done via video call. It is important that both the builder and client be present during the on-site inspection to answer any questions posed by the judges. Please allow at least 1 hour per site for inspection.

Entrants will receive at least one week's notice of the inspection time and date. There is limited ability to reschedule allocated inspections. Please ensure you advise us of you and your clients' unavailable dates during the entry process. Whilst Master Builders Victoria cannot guarantee that we can accommodate your request, it will be taken into consideration at the time of scheduling.

The judges' decision is final and binding. If in the opinion of the judges the entries do not reach the quality standard for the competition, the judges and Master Builders Victoria in their discretion may decide not to grant an award in that category. The judges may also at their discretion reclassify any entry. Should this occur, affected entrants will be notified in advance.

Once the judging process has been completed for all entries, entrants will be notified. Please note, Master Builders Victoria does not shortlist or announce finalists. All eligible entries that meet the entry requirements and pass the judges inspection are acknowledged as nominees at the awards night.

FREQUENTLY ASKED QUESTIONS

Who can enter the Master Builders Victoria Building Excellence Awards?

The awards are open to all Master Builders Victoria members within the commercial sector of the building and construction industry. To be eligible for entry the project must have been completed within a two-year period prior and have reached practical completion by the entry closing date.

Why should I enter?

Entering the Master Builders awards programs offers members valuable recognition, boosting their reputation and credibility in the industry. It provides marketing exposure, enhances client trust, and creates networking opportunities with industry leaders. Being an entrant can serve as a powerful marketing tool, attract new business, and motivate teams. Additionally, it allows builders to benchmark their work against industry standards, providing a competitive edge that can lead to longterm growth and more high-profile projects.

How should I put my entry together?

We recommend members read through this document and review the entry checklist section to ensure they have all the required information to begin an entry. Members should then start their online submission via our online awards platform: masterbuildersvic.awardsplatform.com and follow the step-by-step process to submit all required information and images. You can continue to make changes or update your submission right up until deadline. It is a simple platform to use, there are step by step instructions to follow as the platform prompts you along the way. Make sure you submit your entry before the deadline. From there, judges will view your completed submissions online and will still conduct an inspection of the entered project.

Are the winners notified before the awards presentation evening?

Master Builders Victoria does not shortlist or announce finalists prior to the awards night, nor do we announce or notify winners prior to the awards night. If your entry meets the entry requirements and passes the judges inspection, it will then automatically proceed to being a nominee for that category. You will be informed when you received your nominee badge and invite to the awards night.

Can the judges provide me with feedback?

Unfortunately not, judges scores and comments are confidential and are not able to be shared with members to maintain fairness across the board. If members are found to be contacting the judges directly requesting feedback about their entries, Master Builders Victoria holds the right to reject or withdraw their entry from the program.

Can I have more time to submit my entry?

Only in very exceptional circumstances can Master Builders Victoria provide members with an extension to their submission deadline. If you think you might require addition time in these circumstances, you will need to inform the events team in writing with as much notice as possible. The team leader will then approve or deny the request for an extension in writing. Requests that haven't been approved by the Master Builders team will not be honoured.

Can I enter the same project as last year?

No, previous entries may not be resubmitted.

MEDIA COVERAGE

Media coverage of the Master Builders Victoria Excellence in Construction Awards includes (but is not limited to) the Master Builders Victoria Construction Awards magazine Master Builders Victoria website and social media, and Master Builder Magazine. Please be aware you may be contacted by the publishers of the 'Excellence in Construction Awards' to discuss advertising opportunities for this publication.

Editorial comments and photographic display of the projects entered will be at the discretion of the appropriate media and Master Builders Victoria. Whilst it is the aim of Master Builders Victoria to feature the work of entrants accurately, there will be no responsibility taken for discrepancy, error, omission or misrepresentation of that entry in any media report. Master Builders Victoria also promotes the awards on social media channels.
