

Sustainability Checklist – Residential

To be submitted with entry for the Sustainable Home category

Project Name:

Company:

Project Address:

Contact Number:

Categories	Notes	Tick if relevant to your project
Energy Rating		
8 Star		<input type="checkbox"/>
9 Star		<input type="checkbox"/>
Passive House		<input type="checkbox"/>
Hot Water System		
Gas boosted solar		<input type="checkbox"/>
Gas boosted solar evacuated tube		<input type="checkbox"/>
Heat pump		<input type="checkbox"/>
Water		
Tank connected to toilet		<input type="checkbox"/>
Tank greater than 2000 litres connected to toilet		<input type="checkbox"/>

Sustainability Checklist - Residential

Categories	Notes	Tick if relevant to your project
Greywater system - diversion		<input type="checkbox"/>
Greywater system - treatment		<input type="checkbox"/>
Ring main – cold water diverter		<input type="checkbox"/>
Low water garden		<input type="checkbox"/>
Permeable paving		<input type="checkbox"/>
Materials Reduction		
Recycled aggregate in slab		<input type="checkbox"/>
Fly ash in slab		<input type="checkbox"/>
Recycled reo in slab		<input type="checkbox"/>
Polished concrete floors		<input type="checkbox"/>
Timber - local		<input type="checkbox"/>
Timber - recycled		<input type="checkbox"/>
Timber – radially sawn		<input type="checkbox"/>
Bricks - recycled		<input type="checkbox"/>
FSC/AFS certified timber		<input type="checkbox"/>
Bamboo flooring		<input type="checkbox"/>
Merbau decking (not certified)		<input type="checkbox"/>
Other recycled materials – e.g. insulation, plasterboard, PVC		<input type="checkbox"/>
Lightweight footings		<input type="checkbox"/>
Appliances		
5 Star gas heating		<input type="checkbox"/>
Zoned gas heating		<input type="checkbox"/>
House Energy monitor		<input type="checkbox"/>

Sustainability Checklist - Residential

Categories	Notes	Tick if relevant to your project
Appliances (Continued)		
Evaporative cooler		<input type="checkbox"/>
Heating/cooling ducted		<input type="checkbox"/>
Heat pump heating/cooling splits		<input type="checkbox"/>
Flyscreens		<input type="checkbox"/>
Solar boosted hydronic heating		<input type="checkbox"/>
Ceiling fans		<input type="checkbox"/>
5 Star appliances		<input type="checkbox"/>
No air conditioning		<input type="checkbox"/>
Geothermal heating/cooling		<input type="checkbox"/>
All electric house		<input type="checkbox"/>
Passive solar design		
Breezeways		<input type="checkbox"/>
Solar chimney		<input type="checkbox"/>
External blinds		<input type="checkbox"/>
External Shading		<input type="checkbox"/>
Lighting		
Light shafts		<input type="checkbox"/>
Covers in ceiling over downlights		<input type="checkbox"/>
Bathroom Tastic		<input type="checkbox"/>
Wall construction		
Polystyrene, hebel, colorbond or other lightweight		<input type="checkbox"/>
Panel		<input type="checkbox"/>

Sustainability Checklist - Residential

Categories	Notes	Tick if relevant to your project
Wall construction (Continued)		
Rammed earth, mudbrick or strawbale		<input type="checkbox"/>
Other		<input type="checkbox"/>
Indoor air quality		
Zero VOC paints		<input type="checkbox"/>
Low VOC paints		<input type="checkbox"/>
Zero formaldehyde joinery		<input type="checkbox"/>
Water based timber seals		<input type="checkbox"/>
Low VOC waterproofing		<input type="checkbox"/>
HRV system		<input type="checkbox"/>
Other		
Pool/spa		<input type="checkbox"/>
Reuse of existing structure		<input type="checkbox"/>
Recycling of site waste/waste reduction/reuse		<input type="checkbox"/>
Physical termite barriers		<input type="checkbox"/>
Photovoltaic panels		<input type="checkbox"/>
Photovoltaic panels greater than 6 kW		<input type="checkbox"/>
Battery		<input type="checkbox"/>
Adaptable design		<input type="checkbox"/>
Drying cupboards		<input type="checkbox"/>
External clothesline		<input type="checkbox"/>
Site remediation		<input type="checkbox"/>

Sustainability Checklist - Residential

Categories	Notes	Tick if relevant to your project
Other (Continued)		
Minimal landscape impact/footprint		<input type="checkbox"/>
Recycling facilities in Kitchen		<input type="checkbox"/>
Embodied carbon reduction		<input type="checkbox"/>
